

## 2009 Evening Handicap Series, Race 1

Contributed by Len Malcolm  
Saturday, 10 January 2009  
Last Updated Saturday, 10 January 2009

The Huka Cycles MTB Evening Handicap Series 2009 got off to a great start on Thursday 8th January, on a very warm evening, with 97 riders in the main event. The tracks were in fine condition, hard and fast with no dust. There was also quite a group of youngsters who had a ride in the care of Rose Blackley and other parents. And thanks to Huka Cycles for all those great spot prizes!

We think we have the results below all correct, even though some people registered for 2 laps and only did one, and others came late and started on wrong handicaps, and being the first event of the year we had to get our systems back-up-to-speed as well. And "mystery rider" # 34 got a number but we didn't get their registration form!

The full results are set out below, and below that again you will find the revised handicaps for Race 2. See you there!
